July 25, No. 2, Swan Lane Block.

DRAWING.—ARCHITECTURAL and ME-

CHANICAL.—As this is the season for young mechanics and others to apply themselves to the attainment of the greatest art, to the convenience in their various pursuits, we have through knowledge of Geometrical Drawing.

We would call their attention to "Manifold's Treatise of Self-Instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

From the New York Scientific American.

"It is the best work on Drawing that I have ever seen; no young Mechanic and no Machine Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

From the Baltimore Western Continent.

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a task."

From the National Intelligencer.

"Indeed, one who patiently and carefully goes through it could not be said, so far as principles and methods are concerned, any longer to want a master."

From the American Railroad Journal.

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price \$2.00."

PARTICULAR NOTICE.

We will forward a copy of the above work free of expense, to any part of the Union, on the receipt of three dollars, which may be sent per mail or by express.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work, illustrated with 43 steel plates. Price \$1.25. Published and for sale by

WM. MINNIE & CO.

111 Baltimore St., Baltimore.

GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS.

A sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Constipation, &c. &c. Please read the following certificate:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARRISON, M. D., No. 1 Beach Street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedy, but suffered the disease to take root of itself, until he was recommended to try Hutchings' Vegetable Bitters; he very soon derived benefit from the use of a few bottles of this medicine, and now considers himself entirely well.

The undersigned has every confidence in the efficacy of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. A. WYMAN, 33 Bowling Slip, N. York, Sept. 3, 1849.

The following certificate is from Mr. Brady, the celebrated Davenportist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Vegetable Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY, No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many testimonials of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

Principal office, 122 Fulton-st., N. Y., up stairs.

Price, 50 cents per bottle, or 6 bottles for \$2.50.

TO OLD COUNTRYMEN.

HARNDEN & CO'S

Passage arrangements for 1849.—Reduced Rates of Passage from Liverpool to Boston, by their Regular Line of Packets sailing from Liverpool on the 1st, 7th, 13th, 19th, and 25th of each month. Also, from Liverpool to New York, by the regular line of Packet Ships, sailing from Liverpool on the 1st, 7th, 13th, 19th, 25th and 31st of each month. The splendid Ships composing this Line have been built expressly for this trade and are commended by men of long experience, and their accommodations are commodious, and they are in all respects desirable conveyances for passengers. Persons wishing to send for their friends in Ireland, England, Scotland, Wales, can do so through the subscribers. Particular attention will be paid to the accommodation and good treatment of passengers.

The advantages offered by this Line over all others are the following, viz: That the ships selected by Harnden & Co. for the conveyance of their passengers, cannot be surpassed by any other of the United States; on this point no better evidence can be offered than the fact, of the hundreds of ships despatched by them, not one has ever been lost! Passengers will be brought by this Line at very low rates. Parties holding Harnden & Co's Passage Certificates will not be confined to one ship a month in Liverpool, but have the privilege of embarking in any of the vessels sailing every week.

Harnden & Co. have Agents in all the principal seaport towns of Ireland, who take charge of their passengers, and protect them from the frauds practised upon the inexperienced.

Harnden & Co., wishing to conduct their business upon principles of fairness and equity, to prevent fraud and deception, have but one price for passage, which in all cases includes Hospital fees and provisions, according to law. Prepaid passengers always have the preference over passengers paying in Liverpool. Those applying by letter or otherwise for Certificates of Passage, should in all cases furnish the names and ages of the persons sent for, with their address in full, containing the name of the town and nearest post town, and county, together with the address of the person to whom a letter is usually sent, to enable Messrs. Harnden & Co., of Liverpool, to notify them of the proper time to leave home, and furnish other necessary information. Those enquiring for prepaid passengers should give the number and date of their passage receipt.

No other Passenger House, either in this City or Liverpool, is authorized to advertise, or sell Certificates for this Line.

REMITTANCES.—For the convenience of persons wishing to remit money to their friends, we keep constantly for sale, Drafts on Sight, which are cashed at any Bank in England, Ireland, or Scotland.

For further information apply (by letter, post paid) to R. B. CHARTER, Boston, No. 41 Broad-st., or to R. B. KINSLEY, Newton, Office in Liverpool at No. 30 Waterloo Road.

July 3d.

FLUID EXTRACT OF VALERIAN.

This medicine is a simple Concentration of one of the best Remedial Agents known for Nervous Irritation, Sleeplessness, Headache &c., as approved by the ablest dispenser of the day. The distinguished Surgeon and Physician, Augustus K. Gardner, M. D., of New York, thus writes:

Messrs E. Brinley & Co.

Dear Sir:—The fluid of Valerian which you so kindly forwarded me for trial, came very opportunely, and I administered it the next day in a case of Hysteria, and afterwards in a high Nervous Excitation. In both cases it had the excellent effect attained by this drug, but which in the usual form it is administered is rarely seen; unpleasant results, nausea or some other unpleasant result, in the opinion expressed by Prof. Phelps, of Dartmouth College, I entirely concur, and I trust you will early and generally introduce it into New York, that we may have an opportunity of using it in those cases where it must be so desirable.

Very truly, your obedient servant, AUGUSTUS K. GARDNER, M. D.

Jan. 31.

The Hon. George W. Nesmith thus writes

to the wonderful efficacy of that invaluable medicine,

Dr. Corbett's Highly Concentrated SHAKER SYRUP OR SARSAPILLA.

Certificate of Mary M. Nesmith, wife of the Hon. George W. Nesmith, President of the Northern Railroad.

This may certify, I was afflicted with the Salt Rheum for more than 15 years prior to 1847. I tried different remedies without permanent relief.

In the spring of the year 1847, I was induced to test the efficacy of Dr. Corbett's Compound Syrup of Sarsaparilla. During the space of three months I used about a quart of this medicine. I find myself fully relieved from said disease and can therefore cheerfully recommend others, who may be afflicted in a like manner, to try this cheap and valuable medicine.

MARY M. NESMITH.

Franklin, N. H., March 17, 1848.

Messrs. E. Brinley & Co.—My wife had some reluctance to having her name appear in print, but knowing that she had experienced great benefits from this Compound, she yielded that the public may know where they can find a good and safe medicine, that will heal many of our diseases. I watched the operation of this medicine upon my wife with much solicitude, but without any belief that it would produce the desired effect. I am, however, now ready to say that I have great confidence in the cleansing and healing qualities of this syrup, and can safely attest to its value, and would cheerfully recommend it to the patronage of the public.

Truly yours,

GEORGE W. NESMITH.

Franklin, N. H., March 17, 1848.

For sale by EDWARD BRINLEY & Co., Wholesale Druggists, Boston, and their appointed Agents in the United States and Canada.

R. R. HAZARD, Agent for Newport.

Nov. 12.

CONSUMPTION PREVENTED!

That consumption, when once firmly fixed and seated, can be cured, no man doubts; but that it can be prevented, if the proper remedies are applied seasonably, we firmly believe. A slight cold, a gentle cough, a general derangement of the nervous system, which renders the individual sick or well—these are the symptoms which herald the approach of the fell destroyer. If these be attended to in season all may be well—but neglect them, and they will be sure to gain the mastery, and what was at first only troublesome and annoying, at last becomes alarming, and often fatal.

For incipient consumption, we know of no better remedy than WISTAR'S BALSAM OF WILD CHERRY. It is soothing and healing in its nature, and is admirably adapted to allay and dissipate that annoying and dangerous cough, which is the harbinger of the fatal disease.

We know of several severe cases which have been radically cured by the use of this Balsam. Some two years since a friend of ours was suffering under what was thought to be a confirmed consumption—a severe cough, loss of appetite, night sweats, &c. By the use of the Balsam, he dispelled these alarming encroachments, and is now in the enjoyment of comparative good health. (New England Washington, Boston, November, 1847.)

Those in want of this excellent article, can be supplied with the genuine, with the signature of L. GUTTS on the wrapper, at the Agents.

R. J. TAYLOR, Agent for Newport.

THE VALUABLE TESTIMONY FROM THE SOUTH.

We like, and it is at all times to give credit when credit is due, and if the same time we can relieve the distressed, we are doubly gratified—We therefore give the following voluntary testimony to the beneficial effects of Wistar's Balsam of Wild Cherry, by the editor of the Columbia South Carolina, who appears to have obtained great relief by its use. Old Dominion, Portsmouth, Virginia.

Dr. Wistar's Balsam of Wild Cherry. We seldom resort to patent medicines, having a great respect for the skill of our regular physicians, but chance threw into our way the above named medicine, immediately after the close of the last session of almost dried up lungs, when our lungs were almost dried up, and the highly rarefied atmosphere of putrid warm climate, gave rise to a most harassing cough, which threatened our health in a serious degree. We felt that we were indebted to some fifteen pounds of animal weight, which addition ones felt, cannot be forgotten. None genuine unless signed L. GUTTS on the wrapper.

R. J. TAYLOR, Agent for Newport.

Dr. Corbett's highly Concentrated

SHAKER SYRUP OF SARSAPILLA.

The cures effected by this powerful alternative of the blood are multiplying daily.—Certificates, as to its efficacy, are rendered voluntarily, to an almost unlimited extent.—But on these alone the Proprietors ask not the public to rely. The words of Science unquestionably bear, more conviction to the doubting, than even the acroreolled statements of hundreds rescued from the grave.

The distinguished Chemist, Augustus A. Hayes, M. D., who has chemically tested this preparation, writes as follows:—

Messrs. E. Brinley & Co.—With a bottle of "Corbett's Compound Concentrated Extract of Sarsaparilla," I received a copy of his Formula for preparing it.

From testing the Syrup, the fact of the existence in it of the active substances named, was ascertained, and the general good qualities of the preparation inferred.

The Formula exhibits the union of some of the best of our medicinal roots and plants, with substances of the highest repute as remedial agents, and does not include

CHRISTOPHER E. ROBBINS,
of Providence.

FOR ATTORNEY GENERAL,
JOSEPH M. BLAKE,
of Bristol.

FOR GENERAL TREASURER,
STEPHEN CAHOONE,
of Newport.

THE WINTER IN EUROPE.—While we have been enjoying a remarkably mild winter on this side of the Atlantic, in Europe, both at the North and South, the season appears to have been one of unusual severity. A letter from Florence of January 5th says: "For the last forty years the cold has not been felt so severely here as it is now. All the hills near the city are covered with snow, and the thermometer has been as low as 12 degrees of Reaumur, (10 2-5 degree of Fahrenheit)." Letters from the frontier of Italy report that the convent of St. Bernard is entirely blocked up with snow. "The monks have been obliged to cut a subterranean passage, in order to extricate themselves."

Letters from Montpelier say that the excessive cold has caused serious injury to the olive plantations in that part of France; yet numerous augmentations in prices have followed.

The winter in the north of England had been severe. The London Mail of January 25th says: in Aberdeen, Banff and Moray shires, there have been heavy falls of snow, and in many of the more exposed situations in these districts the snow lay to the depth of 10 or 20 feet. On the 18th of January upward of 100 men were at work near Keith, on the great North road, clearing away the snow. The mail between Aberdeen and Banff, a distance of 47 miles, was 30 hours on the road.

HOUSEWOMEN BUILDING.—A writer in the Philadelphia Dollar Newspaper calls attention to the fact that nine-tenths of all farm buildings are in the form of right-angled parallelograms; and in thus erecting them, space is sacrificed without any saving in labor or money. For, suppose a house or barn to be built twenty feet front, by forty in depth, which is a very common proportion for buildings, it will then require one hundred and twenty feet length of wall to enclose it, and its floor will contain eight hundred square feet. If it be built in the form of a square, thirty feet on each side, the length of wall required to enclose it will be the same; but its floor will contain nine hundred square feet, being the difference in favor of the square of one hundred feet, which, to the farmer, who likes a good sunny threshold floor, is an item of no small importance. The writer further demonstrates the following conclusions:—

1st. That all large enclosures should be, as nearly as possible, exact squares, not parallelograms or "oblong squares."

2d. That small enclosures, wherever practicable, should be circular, or of some figure approaching thereto as nearly as possible.

3d. That small out-buildings should be circular, and large buildings, where plenty of room is desired, should be square.

4th. By adopting the above forms, a large proportion of time, labor, and materials, and therefore of money, may be saved without any sacrifice of space.

DISSOLUTION OF THE UNION.—Petitions have been presented in the Massachusetts House of Representatives for the dissolution of the Union. On the report of the Committee on the Judiciary, the petitioners had leave to withdraw, by a vote of 259 to 1. This vote is creditable to the patriotism and good sense of the House.

The petitioners were unreasonable in their nature, and no Legislature should entertain any such proposition longer than to express their abhorrence of it.

IT IS Mr. Henry Grinnell and not Mr. Moses H. Grinnell who has so nobly professed an expedition in search of Sir John Franklin. He proposes to fit out two ships at his own cost, to be commanded by naval officers appointed by Government. If the expedition should be successful in finding the intrepid navigator the whole reward offered by the British Government and by Lady Franklin, after deducting the expenses of the expedition, is to be divided among the officers and crews of the vessels. Should it prove unsuccessful the whole loss falls upon Mr. Grinnell. In such a noble and benevolent enterprise as this lies the true use of wealth, and Mr. Grinnell has shown an example of what a merchant prince should be, which will win the admiration of the world.—N. Y. Tribune.

REMARKABLE LONGEVITY.—A servant man by the name of Vincent, belonging to Mrs. Ann Willis, died at Johnston, N. Y., Charles county, Md., on the 6th inst., in the 106th year of his age. He had retained his sight and memory unimpaired. He was present at several battles of the revolution, and witnessed the surrender of Cornwallis at Yorktown, being then servant to Col. Reed.

NEW DIRECTOR WITH ENGLAND.—H. H. Sibbey, delegate to Congress from Minnesota, complains to the Secretary of the State relative to the sale of spirituous liquors to the Indians in our northwest territory by the Hudson Bay Co. Mr. Clayton replies under date of Dec. 19th, that the U. S. minister in London has been instructed to address a remonstrance in the British government on the subject.

THE CHARGE TO SWEDEN.—A private letter from Washington from a friend and a reliable source, assures us that there is no truth in the statement of one of the city printers that Mr. Schroeder, now in Europe, and nominated as Charge des Affaires, has been rejected by the Senate. We think that the Senate will not reject him, and if we mistake not his case has been favorably reported upon by the Committee on Foreign Relations, and if so, as there can be no good reason offered for acting otherwise, the nominations of the President will doubtless be confirmed. The Senate have not rejected any of the foreign appointments except Col. Webb.—N. Y. Express.

CALIFORNIA GOLD.—The Pennsylvania states that from Saturday to Thursday last, inclusive, there has received at the U. S. Mint in Philadelphia, in California gold upwards of one million six hundred thousand dollars.

FISH DISSENS.—Those who mortify the flesh during Lent, in conformity with the requirements of the Catholic and Protestant Episcopal Churches, have entered upon their course of religious duties—the "forty days" having already commenced. Lent terminates this year on the 30th of March, the 31st being Easter Sunday.

A DARING ATTEMPT was made on Sunday night week to rob the Ogdenburg, N. Y. Bank, but it failed on account of the strength of the doors.

A jury at Philadelphia on Tuesday, gave Miss Susan Dennis \$3400 damages against William Smalley, for charging her with larceny while in his employ.

The Governor of Connecticut has appointed Friday, the 29th of March, as a day of fasting.

Rev. Bishop Chase of New Hampshire, has accepted an invitation to perform religious services in the Episcopal churches of New York city and Brooklyn during the season of Lent.
